

## SJV Request Form for Snow Ramp, Clearing of Parking Space or Driveway

**What is this for?:** Our snowplow volunteers do not know which Lot Owners might come to their property during the "in-between" season (after snow plowing, when the roads are still snow & ice covered and there is still considerable snow along roadsides and on properties). Plowing a snowmobile ramp or a parking space at all 82 lots would be cost prohibitive. Therefore this form was created for a lot owner to submit a request.

**Applies only to** Lot Owners who plan to drive to their property during the "in-between season" (after snow plowing when the roads are still snow & ice covered and there is still considerable snow along roadsides and on properties). Remember the roads are still snow packed and icy! High clearance, 4-wheel drive vehicles with chains are recommended.

The form must be submitted to the Board by March 15th at [board@SJVLOA.com](mailto:board@SJVLOA.com) or SJVLOA, PO Box 71, Ridgway, CO 81432.

**Check only one** of the three options below for Lot# \_\_\_\_\_ :

- Plow a ramp that will allow a snowmobile to transition from the road to the driveway (at no cost to the Lot Owner)
- Plow a parking space "pull-out" into the driveway with ramp (at no cost to the Lot Owner)
- Plow the driveway, provided the following requirements are met:
- The Lot Owner must clearly mark the driveway area and any obstacles,
  - The Lot Owner (or designated representative) MUST be present on the day of plowing, with the understanding that the plowing date is "to be determined",
  - The Lot Owner agrees to pay the cost of the plowing time and releases SJVLOA and the plow operator of liability, **as indicated by signature below:**
